DWA_03.5 Knowledge Check_DWA3.2

_____

1. User story(ies) in Gherkin syntax for the "+" button.

Feature: Tally Increment

Scenario 1: User increments the tally count using the "+" button within the maximum limit.
Given the user is on the tally app screen and the tally count is less than or equal to 15.
When the user taps the "+" button then the tally count should increase by 1,
And the user should see the updated tally count.

Scenario 2: User cannot increment the tally count beyond the maximum limit.
Given the user is on the tally app screen and the tally count is 15.
When the user taps the "+" button then the tally count should remain 15,
And the user should see no change in the tally count.

_____

2. User story(ies) in Gherkin syntax for the "-" button.

Feature: Tally Decrement

Scenario 1: User decrements the tally count using the "-" button within minimum limit.
Given the user is on the tally app screen and the tally count is greater than or equal to -5.
When the user taps the "-" button then the tally count should decrease by 1,
And the user should see the updated tally count.

Scenario 2: User cannot decrement the tally count beyond the minimum limit.
Given the user is on the tally screen and the tally count is -5.
When the user taps the "-" button then the tally count should remain -5,
And the user should see no change in the tally count.
